

VoteMedicalMarijuana

— a project of Americans for Safe Access

Every vote is a vote on medical marijuana. Americans for Safe Access is working to ensure that the elected officials overseeing medical marijuana policy know there is an active voting constituency that wants to be involved in developing laws and policy that will directly affect them. Those in favor of medical marijuana policy now have a clearly defined reason to vote in every election. [VoteMedicalMarijuana](#) gives voters a new criterion to evaluate federal incumbent candidates on this issue: their voting records in congress.

How to fill out your Voter Guide:

1. Look up your elected officials here (safeaccessnow.org/locate_your_representative), pay special attention which U.S. House district you reside in as well as your State Senate and State House districts.
2. Go to http://www.safeaccessnow.org/vote_medical_marijuana and find out where your federal representatives stand on medical cannabis issues.
3. Fill in your favorite candidates in the blank space provided below. Note that not every state is holding elections for Governors, Attorneys General, and U.S. Senators and that you may need to more research for state officials.
4. Take the Voter Guide with you to the ballot box.

2016 Voter Guide

Governor

President

Attorney General

State Senator

U.S. Senate

State House

U.S. House
