

Expand Options for Healthcare: Change Federal Medical Marijuana Laws

Cannabis (marijuana) is a safe and effective medication. The major obstacle standing between millions of patients in need and access to the medicine that can help them is federal policy.

Americans for Safe Access (ASA) is the largest national member-based organization of patients, medical professionals, scientists and concerned citizens promoting safe and legal access to cannabis for therapeutic uses and research.

Get involved with ASA today to help us attain our three policy goals:

- Establish Federal Legal Protections for Medical Cannabis Patients and their Providers.
- Remove Federal Barriers for Medical and Scientific Cannabis Research.
- Create a National, Comprehensive and Safe Access Plan for Chronic and Seriously Ill Patients.

Advancing Legal Medical Marijuana Therapeutics and Research
