

# Americans For Safe Access

Advancing Legal Medical Marijuana Therapeutics and Research

## PLEDGE OF ACTION

When Congress knows that you are watching, they will be more likely to support ASA and our fight for safe access to medical cannabis. This pledge is a tool to create a network of advocates ready to take action and make their voices heard. By pledging to take action, you will help ASA bring an end to federal raids and create lasting policies to promote safe and legal access to cannabis for patients and researchers.

Please sign and check the pledge options below. Then sign the corresponding pledge on the opposite side of this page. Please keep this side and send the other side to ASA.

I support safe and legal access to cannabis for patients who might benefit from its use. I call for an end to DEA raids on patients and caregivers and urge the federal government to create lasting policies that promote access. When ASA sends me an action alert, I pledge to:

- Email and call my Members of Congress.
- Meet with elected officials.
- Take part in direct action.
- Forward the action alert to three of my friends, family members or co-workers.
