MEDICAL USE OF MARIJUANA

5 CCR 1006-2

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

Regulation 1: Establishment and confidentiality of the registry for the medical use of marijuana

- A. The Colorado Department of Public Health and Environment ("the department") shall create and maintain a confidential registry ("the registry") of patients who have applied for and are entitled to receive a registry identification card.
1. All personal medical records and personal identifying information held by the department in compliance with these regulations shall be confidential information.
 2. No person shall be permitted to gain access to any information about patients in this registry, or any information otherwise maintained in the registry by the department about physicians and primary care-givers of patients in the registry, except for authorized employees of the department in the course of their official duties and authorized employees of state and local law enforcement agencies which have stopped or arrested a person who claims to be engaged in the medical use of marijuana and in possession of a registry identification card issued pursuant to regulations two and three, or the functional equivalent of the registry identification card.
 - a. Department employees may, upon receipt of an inquiry from a state or local law enforcement agency, confirm that a registry identification card has been suspended when a patient is no longer diagnosed as having a debilitating medical condition.
 - b. Authorized department employees may respond to an inquiry from state or local law enforcement regarding the registry status of a patient or primary care-giver by confirming that the person is or is not registered. The information released to state and local law enforcement must be the minimum necessary to confirm registry status.
 - c. Authorized state and local law enforcement employees shall validate their inquiry of a patient or primary care-giver by producing the registry identification card number of a patient, or name, date of birth, and last four digits of the individual's social security number of the individual under inquiry if the person does not have a registry identification card.
 - d. Authorized department employees may confirm a waiver for homebound or minor patients' transportation of medical marijuana from a medical marijuana center or a waiver for a primary care-giver serving more than five patients, upon state or local law enforcement inquiry. The minimum necessary information shall be communicated to confirm or deny a waiver.

3. The department may release information concerning a specific patient to that patient with the written authorization of such patient.
 4. Primary care-givers and potential primary care-givers may authorize the inclusion of their contact information in the voluntary caregiver registry maintained by the department to allow authorized department staff to release their contact information to new registry patients only in accordance with Regulation 9(c) below.
- B. Any officer or employee or agent of the department who violates this regulation by releasing or making public confidential information in the registry shall be subject to any existing statutory penalties for a breach of confidentiality of the registry.

Regulation 2: Application for a registry identification card

A. DEFINITIONS

- i) An "adult applicant" is defined as a patient eighteen years of age or older. A "minor applicant" is defined as a patient less than eighteen years of age.
 - ii) "Primary care-giver" means a person other than the patient and the patient's physician, who is eighteen years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating medical condition. A person shall be listed as a primary care-giver for no more than five patients in the medical marijuana program registry at any given time unless a waiver has been granted for exceptional circumstances, as per Regulation Ten below.
 - iii) "Significant responsibility for managing the well-being of a patient" means, in addition to the ability to provide medical marijuana, regularly assisting a patient with activities of daily living, including but not limited to transportation or housekeeping or meal preparation or shopping or making any necessary arrangement for access to medical care or other services unrelated to medical marijuana. The act of supplying medical marijuana or marijuana paraphernalia, by itself, is insufficient to constitute "significant responsibility for managing the well-being of a patient."
- B. In order to be placed in the registry and to receive a registry identification card, an adult applicant must reside in Colorado and complete an application form supplied by the department, and have such application notarized and signed and include the fee payment. The adult applicant must provide the following information with the application:
1. The applicant's name, address, date of birth, and social security number;
 2. The name and address of the applicant's primary care-giver or medical marijuana center, if either one is designated at the time of application. Only a homebound or minor patient may have both a primary care-giver and a medical marijuana center designated;
 3. Written documentation from the applicant's physician that the applicant has been diagnosed with a debilitating medical condition as defined in regulation six and the physician's conclusion that the applicant might benefit from the medical use of marijuana;
 4. A statement from the physician if the patient is homebound, if applicable;
 5. The name, address, and telephone number of the physician who has concluded the applicant might benefit from the medical use of marijuana; and

6. A copy of a secure and verifiable identity document, in compliance with the Secure and Verifiable Document Act, C.R.S. §24-72.1-101 *et seq.* , for the patient and primary care-giver, if any is designated.
- C. In order for a minor applicant to be placed in the registry and to receive a registry identification card, the minor applicant must reside in Colorado and a parent residing in Colorado must consent in writing to serve as the minor applicant's primary care-giver. Such parent must complete an application form supplied by the department, and have such application notarized, signed and include fee payment. The parent of the minor applicant must provide the following information with the application:
1. The applicant's name, address, date of birth, and social security number;
 2. Written documentation from two of the applicant's physicians that the applicant has been diagnosed with a debilitating medical condition as defined in regulation six and each physician's conclusion that the applicant might benefit from the medical use of marijuana;
 3. The name, address, and telephone number of the two physicians who have concluded the applicant might benefit from the medical use of marijuana;
 4. Consent from each of the applicant's parents residing in Colorado that the applicant may engage in the medical use of marijuana;
 5. Documentation that one of the physicians referred to in (iii) has explained the possible risks and benefits of medical use of marijuana to the applicant and each of the applicant's parents residing in Colorado; and
 6. The name and address of the applicant's medical marijuana center, if one is designated at the time of application.
- D. To maintain an effective registry identification card, a patient must annually resubmit to the department, at least thirty days prior to the expiration date, but no sooner than sixty days prior to the expiration date, updated written documentation of the information required in paragraphs B and C of this regulation. In addition, the patient must provide the name and address of the primary care-giver, or the name and address of a medical marijuana center, if either is designated at such time.
- E. A patient may change his or her primary care-giver or medical marijuana center no more than once per month. A patient may change his or her primary care-giver or medical marijuana center by submitting such information on the form and in the manner as directed by the department within ten days of the change occurring.
- F. Rejected applications. Rejected applications shall not be considered pending applications, and shall not be subject to the requirement in the Constitution that applications be deemed approved after thirty-five days. The department may reject as incomplete any patient application for any of the following reasons:
1. If information contained in the application is illegible or missing;
 2. If the application is not notarized; or
 3. The physician(s) is/are not eligible to recommend the use of marijuana.
 4. An applicant shall have (60) days from the date the department mails the rejected application to make corrections and resubmit the application.

G. Denied applications. The department may deny an application for any of the following reasons:

1. The physician recommendation is falsified;
2. Any information on the application is falsified;
3. The identification card that is presented with the application is not the patient's identification card;
4. The applicant is not a Colorado resident;
5. If the department has twice rejected the patient's application, and the applicant's third submission is incomplete.

If the department denies an application, then the applicant may not submit a new application until six months following the date of denial and may not use the application as a registry card. If the basis for denial is falsification, law enforcement shall be notified of any fraud issues.

H. The department may revoke a registry identification card for one year if the patient has been found to have willfully violated the provisions of article xviii, section 14 of the Colorado Constitution or C.R.S. § 25-1.5-106.

I. A patient who has been convicted of a criminal offense under article 18 of title 18, C.R.S., sentenced or ordered by a court to drug or substance abuse treatment, or sentenced to the division of youth corrections shall be subject to immediate renewal of his/her registry identification card. Such patient may only reapply with a new physician recommendation from a physician with whom the patient has a bona fide relationship.

1. The patient shall remit the registry card to the department within 24 hours of the conviction/sentence/court order.
2. The patient may complete and submit a renewal application for a registry card including a new recommendation from a physician with a bona fide relationship.

J. Appeals. If the department denies an application or, suspends or, revokes a registry identification card, the department shall provide the applicant/patient with notice of the grounds for the denial, suspension, or revocation, and shall inform the patient of the patient's right to request a hearing.

1. A request for hearing shall be submitted to the department in writing within thirty (30) calendar days from the date of the postmark on the notice.
 - a. If a hearing is requested, the patient shall file an answer within thirty (30) calendar days from the date of the postmark on the notice.
 - b. If a request for a hearing is made, the hearing shall be conducted in accordance with the state Administrative Procedures Act, § 24-4-101 *et seq.*, C.R.S.
 - c. If the patient does not request a hearing in writing within thirty (30) calendar days from the date of the notice, the patient is deemed to have waived the opportunity for a hearing.

Regulation 3: Verification of medical information; issuance, denial, revocation, and form of registry identification cards

- A. The department shall verify medical information contained in the patient's application within thirty days of receiving the application. Verification of medical information shall consist of determining that there is documentation stating the applicant has a current diagnosis with a debilitating medical condition as defined in regulation six, by a physician who has a current active, unrestricted and unconditioned license as defined in Regulation 8 to practice medicine issued by the State of Colorado, which license is in good standing, and who has a bona fide physician patient relationship with the patient as defined in regulation eight.
- B. No more than five days after verifying medical information of the applicant, the department shall issue a serially numbered registry identification card to the patient. The card shall state the following:
 - i) The patient's name, address, date of birth, and social security number;
 - ii) That the patient's name has been certified to the department as a person with a debilitating medical condition, whereby the person may address such condition with the medical use of marijuana;
 - iii) The date of issuance of such card and the date of expiration, which shall be one year from the date of issuance;
 - iv) The name and address of the patient's primary care-giver, if any is designated at the time of application;
 - v) How to notify the department of any change in name, address, medical status, physician, or primary care-giver.
- C. Except for minor applicants, where the department fails within thirty-five days of receipt of application to issue a registry identification card or fails to issue verbal or written notice of denial of such application, the patient's application for such card will be deemed to have been approved. "Receipt" shall be deemed to have occurred upon delivery to the department or deposit in the United States mail. No application shall be deemed received prior to June 1, 2001.
- D. The department shall deny the application if it determines that information has been falsified or it cannot verify the medical information as provided in paragraph A of this regulation. A patient whose application has been denied by the department may not reapply during the six months following the date of denial. The denial of a registry identification card shall be considered a final agency action.
- E. In addition to any other penalties provided by law, the department shall revoke for a period of one year the registry identification card of any patient found to have willfully violated the provisions of Section 14 of Amendment 20 of the Colorado Constitution or the implementing legislation of Section 14.

Regulation 4: Change in applicant information

- A. When there has been a change in the name, address, physician or primary care-giver of a patient who has been issued a registry identification card, that patient must notify the department within ten days by submitting a completed and notarized Change of Address or Care-giver form as prescribed by the Department. A patient who has not designated a primary care-giver at the time of application to the department may do so in writing at any time during the effective period of the registry identification card, and the primary care-giver may act in this capacity after such designation. The Department shall not issue a new registry identification card to the patient on the sole basis of a new or change of primary care-giver.

- B. A patient who no longer has a debilitating medical condition as defined in regulation six shall return his registry identification card to the department within twenty-four hours of receiving such information by his or her physician.

Regulation 5: Communications with law enforcement officials about patients in the registry

- A. Authorized employees of state or local law enforcement agencies shall be granted access to the information contained within the department's registry only for the purpose of verifying that an individual who has presented a registry identification card to a state or local law enforcement official is lawfully in possession of such card. The department shall report to authorized state or local law enforcement officials whether a patient's registry identification card has been suspended because the patient no longer has a debilitating medical condition.
- B. Authorized employees of state or local law enforcement agencies shall immediately notify the department when any person in possession of a registry identification card has been determined by a court of law to have willfully violated the provisions of this section 14 of the Colorado constitution or its implementing legislation, or has pled guilty to such offense.

Regulation 6: Debilitating medical conditions and the process for adding new debilitating medical conditions

- A. Debilitating medical conditions are defined as cancer, glaucoma, and infection with or positive status for human immunodeficiency virus. Patients undergoing treatment for such conditions are defined as having a debilitating medical condition.
- B. Debilitating medical condition also includes a chronic or debilitating disease or medical condition other than HIV infection, cancer or glaucoma; or treatment for such conditions, which produces for a specific patient one or more of the following, and for which, in the professional opinion of the patient's physician, such condition or conditions may reasonably be alleviated by the medical use of marijuana: cachexia; severe pain; severe nausea; seizures, including those that are characteristic of epilepsy; or persistent muscle spasms, including those that are characteristic of multiple sclerosis.
- C. Patients who have had a diagnosis of a debilitating medical condition in the past but do not have active disease and are not undergoing treatment for such condition are not suffering from a debilitating medical condition for which the medical use of marijuana is authorized.
- D. The department shall accept physician or patient petitions to add debilitating medical conditions to the list provided in paragraphs A and B of this regulation, and shall follow the following procedures in reviewing such petitions.
 - 1. Receipt of petition; review of medical literature. Upon receipt of a petition, the executive director, or his or her designee, shall review the information submitted in support of the petition and shall also conduct a search of the medical literature for peer-reviewed published literature of randomized controlled trials in humans concerning the use of marijuana for the condition that is the subject of the petition using PUBMED, the official search program for the National Library of Medicine and the National Institutes of Health, and the Cochrane Central Register of Controlled Trials.
 - 2. Department denial of petitions. The department shall deny a petition to add a debilitating medical condition within (180) days of receipt of such petition without any hearing of the board in all of the following circumstances:

- a. If there are no peer-reviewed published studies of randomized controlled studies showing efficacy in humans for use of medical marijuana for the condition that is the subject of the petition;
- b. If there are peer-reviewed published studies of randomized controlled trials showing efficacy in humans for the condition that is the subject of the petition, and if there are studies that show harm, other than harm associated with smoking such as obstructive lung disease or lung cancer, and there are alternative, conventional treatments available for the condition;
- c. If the petition seeks the addition of an underlying condition for which the associated symptoms that are already listed as debilitating medical conditions for which the use of medical marijuana is allowed, such as severe pain, are the reason for which medical marijuana is requested, rather than for improvement of the underlying condition; or
- d. If a majority of the ad hoc medical advisory panel recommends denial of the petition in accord with paragraph (3) of this section D.

3. Ad hoc medical advisory panel.

- a. The department shall establish an ad hoc medical advisory panel to review petitions if the conditions for denial set forth in paragraphs (2)(a),(b) and (c) of this section D are not met.
- b. Composition of the ad hoc medical advisory panel shall be as follows:
 - i. One physician in the appropriate field for the condition requested to be added who is recommended by the petitioner who meets appropriate qualifications with no objective evidence of bias;
 - ii. One physician in the appropriate field for the condition requested to be added who is recommended by the department who meets appropriate qualifications with no objective evidence of bias;
 - iii. One physician who recommends medical marijuana in his or her practice, who may be recommended by the petitioner;
 - iv. One physician in addiction medicine; and
 - v. The executive director or his or her designee, or, if the executive director is not a physician, the state chief medical officer.
- c. The ad hoc medical advisory panel shall review the petition information presented to the department and any further medical research related to the condition requested, and make recommendations to the executive director, or his or her designee, regarding the petition.
- d. If the department is unable to recruit participants for the ad hoc medical advisory panel, the department shall seek informal consultation from individuals meeting the criteria listed in this paragraph (2)(a).

4. Department requests for rulemaking hearings on petitions to add debilitating medical conditions. Within (120) days of receipt of a petition to add a debilitating medical condition, the department shall petition the board for a rulemaking hearing to consider

adding the condition to the list of debilitating medical conditions if the ad hoc medical advisory panel recommends approval of the petition to add the condition.

5. Final agency action. The following actions are final agency actions, subject to judicial review pursuant to C.R.S. § 24-4-106:
 - a. Department denials of petitions to add debilitating medical conditions.
 - b. Board of health denials of rules proposed by the department to add a condition to the list of debilitating medical conditions for the medical marijuana program.

Regulation 7: Determination of fees to pay for administrative costs of the medical use of marijuana program

- A. Application fee. The department shall collect thirty five dollars from each applicant at the time of application to pay for the direct and indirect costs to administer the medical use of marijuana program, unless the applicant meets the criteria set forth in section (b) of this Regulation (7) establishing indigence. Such fee shall not be refundable to the applicant if the application is denied or revoked or if the patient no longer has a debilitating medical condition. The amount of the fee shall be evaluated annually by the department, and the department shall propose modifications to the board, as appropriate. If the patient provides updated information at any time during the effective period of the registry identification card, the department shall not charge a fee to modify the registry information concerning the patient.
- B. Indigence fee waiver. Any individual submitting an application for the registry may request an indigence fee waiver if he or she submits at the time of application a copy of the applicant's state tax return certified by the department of revenue that confirms that the applicant's income does not exceed one hundred eighty-five percent of the federal poverty line, adjusted for family size.
- C. Notification of indigent status. Individuals who meet the indigence standard after they have been approved for the medical marijuana registry may complete a form, to be determined by the department, notifying the department of their status and supplying a copy of the applicant's state tax return certified by the department of revenue that confirms that the applicant's income does not exceed one hundred eighty-five percent of the federal poverty line, adjusted for family size. Upon receipt and confirmation of the information, the department shall issue a new medical marijuana registry card for the remaining term of the current card noting said indigent status for tax exemption purposes.

Regulation 8: Physician requirements; reasonable cause for referrals of physicians to the Colorado Medical Board; reasonable cause for department adverse action concerning physicians; appeal rights

- A. **Physician Requirements.** A physician who certifies a debilitating medical condition for an applicant to the medical marijuana program shall comply with all of the following requirements:
 1. **Colorado license to practice medicine.** The physician shall have a valid, unrestricted Colorado license to practice medicine, which license is in good standing.
 - a. for the purposes of certifying a debilitating medical condition of an applicant and recommending the use of medical marijuana for the medical marijuana program, "in good standing" means:
 - i. The physician holds a doctor of medicine or doctor of osteopathic medicine degree from an accredited medical school.

- ii. The physician holds a valid license to practice medicine in Colorado that does not contain a restriction or condition that prohibits the recommendation of medical marijuana or for a license issued prior to July 1, 2011, a valid, unrestricted and unconditioned; and
- iii. The physician has a valid and unrestricted United States Department of Justice federal drug enforcement administration controlled substances registration.

2. **Bona fide physician patient relationship.** A physician who meets the requirements in subsection A.1 of this Regulation 8 and who has a bona fide physician-patient relationship with a particular patient may certify to the state health agency that the patient has a debilitating medical condition and that the patient may benefit from the use of medical marijuana. If the physician certifies that the patient would benefit from the use of medical marijuana based on a chronic or debilitating disease or medical condition, the physician shall specify the chronic or debilitating disease or medical condition and, if known, the cause or source of the chronic or debilitating disease or medical condition.

a. "Bona fide physician-patient relationship", for purposes of the medical marijuana program, means:

- i. A physician and a patient have a treatment or counseling relationship, in the course of which the physician has completed a full assessment of the patient's medical history and current medical condition, including an appropriate personal physical examination;
- ii. The physician has consulted with the patient with respect to the patient's debilitating medical condition before the patient applies for a registry identification card; and
- iii. The physician is available to or offers to provide follow-up care and treatment to the patient, including but not limited to patient examinations, to determine the efficacy of the use of medical marijuana as a treatment of the patient's debilitating medical condition.

b. A physician making medical marijuana recommendations shall comply with generally accepted standards of medical practice, the provisions of the medical practice act, § 12-36-101 *et seq.*, C.R.S, and all Colorado Medical Board rules.

c. The "appropriate personal physical examination" required by paragraph A.2.a.i of this Regulation 8 may not be performed by remote means, including telemedicine.

3. **Medical records.** The physician shall maintain a record-keeping system for all patients for whom the physician has recommended the medical use of marijuana. Pursuant to an investigation initiated by the Colorado medical board, the physician shall produce such medical records to the Colorado Medical Board after redacting any patient or primary caregiver identifying information.

4. **Financial prohibitions.** A physician shall not:

- a. Accept, solicit, or offer any form of pecuniary remuneration from or to a primary caregiver, distributor, or any other provider of medical marijuana;

- b. Offer a discount or any other thing of value to a patient who uses or agrees to use a particular primary caregiver, distributor, or other provider of medical marijuana to procure medical marijuana;
- c. Examine a patient for purposes of diagnosing a debilitating medical condition at a location where medical marijuana is sold or distributed; or
- d. Hold an economic interest in an enterprise that provides or distributes medical marijuana if the physician certifies the debilitating medical condition of a patient for participation in the medical marijuana program.

B. Reasonable cause for referral of a physician to the Colorado Medical Board. For reasonable cause, the department may refer a physician who has certified a debilitating medical condition of an applicant to the medical marijuana registry to the Colorado Medical Board for potential violations of sub-paragraphs 1, 2, and 3 of paragraph A of this rule.

C. Reasonable cause for department sanctions concerning physicians. For reasonable cause, the department may sanction a physician who certifies a debilitating medical condition for an applicant to the medical marijuana registry for violations of paragraph A.4 of this rule. Reasonable cause shall include, but not be limited to:

1. The physician is housed onsite and/or conducts patient evaluations for purposes of the medical marijuana program at a location where medical marijuana is sold or distributed, such as a medical marijuana center, optional grow site, medically infused products manufacturer, by a primary care-giver, or other distributor of medical marijuana.
2. A physician who holds an economic interest in an entity that provides or distributes medical marijuana, such as a medical marijuana center, an infused products manufacturer, an optional grow site, a primary care-giver, or other distributor of medical marijuana.
3. The physician accepts, offers or solicits any form of pecuniary remuneration from or to a primary care-giver, medical marijuana center, optional grow site, medically infused product manufacturer, or any other distributor of medical marijuana.
4. The physician offers a discount or any other thing of value, including but not limited to a coupon for reduced-price medical marijuana or a reduced fee for physician services, to a patient who agrees to use a particular medical marijuana center, primary care-giver, or other distributor of medical marijuana.

D. Sanctions. For reasonable cause, the department may propose any of the following sanctions against a physician:

1. Revocation of the physician's ability to certify a debilitating medical condition and recommend medical marijuana for an applicant to the medical marijuana registry; or
2. Summary suspension of the physician's ability to certify a debilitating medical condition or recommend medical marijuana for an applicant to the medical marijuana registry when the department reasonably and objectively believes that a physician has deliberately and willfully violated section 14 of article xviii of the state constitution or § 25-1.5-106, C.R.S. and the public health, safety and welfare imperatively requires emergency action.

E. Appeals. If the department proposes to sanction a physician pursuant to paragraph c of this rule, the department shall provide the physician with notice of the grounds for the sanction and shall inform the physician of the physician's right to request a hearing.

1. A request for hearing shall be submitted to the department in writing within thirty (30) calendar days from the date of the postmark on the notice.
2. If a hearing is requested, the physician shall file an answer within thirty (30) calendar days from the date of the postmark on the notice.
3. If a request for a hearing is made, the hearing shall be conducted in accordance with the state administrative procedures act, § 24-4-101 *et seq.* , C.R.S.
4. If the physician does not request a hearing in writing within thirty (30) calendar days from the date of the notice, the physician is deemed to have waived the opportunity for a hearing.

Regulation 9: Primary care-giver-patient relationship and primary care-giver rules

- A. A patient who designates a primary care-giver for him or herself cannot also be a primary care-giver to another patient.
- B. A person shall be listed as a primary care-giver for no more than five patients in the medical marijuana registry at any given time unless a waiver as set forth in Regulation Ten has been granted for exceptional circumstances.
- C. An existing primary care-giver may indicate to the department at the time of registration on a form to be developed by the department if the primary care-giver is available to serve more patients. An individual who is not a registered primary care-giver, but who would like to become one may submit contact information to the registry. The primary care-giver or prospective primary care-giver shall waive confidentiality to allow release of contact information to physicians or registered patients only. The department may provide the information but shall not endorse or vouch for any primary care-giver or prospective primary care-giver.
- D. A primary care-giver if asked by law enforcement shall provide a list of registry identification numbers for each patient. If a waiver has been granted for the primary care-giver to serve more than five patients, this will be noted on the department record of primary care-givers and will be available for verification to law enforcement upon inquiry to the department.
- E. A primary care-giver shall have his/her primary registration card available on his/her person at all times when in possession of marijuana and produce it at the request of law enforcement. The only exception to this shall be when it has been more than thirty-five days since the date the patient filed his or her medical marijuana application and the department has not yet issued or denied a registry identification card. A copy of the patient's application along with proof of the date of submission shall be in the primary care-giver's possession at all times that the primary care-giver is in possession of marijuana. The primary care-giver may redact all confidential patient information from the application other than the patient's name and date of birth.
- F. A patient may only have one primary care-giver at a time. If a patient does not require care-giver services other than the provision of medical marijuana, then the patient shall not designate a primary care-giver.
- G. A designated primary care-giver shall not delegate the responsibility of provision of medical marijuana for a patient to another person.
- H. A primary care-giver shall not join together with another primary care-giver for the purpose of growing marijuana. Any marijuana grows by a care-giver shall be physically separate from grows by other primary care-givers and licensed growers or medical marijuana centers, and a primary care-giver shall not grow marijuana for another primary care-giver. If two or more care-givers reside in the same household and each grows marijuana for their registered patients, the marijuana grows

must be maintained in such a way that the plants and/or ounces grown and or maintained by each primary care-giver are separately identified from any other primary care-givers plants and/or ounces.

I. A primary care-giver shall not establish a business to permit patients to congregate and smoke or otherwise consume medical marijuana.

J. A primary care-giver shall not:

1. Engage in the medical use of marijuana in a way that endangers the health and well-being of a person;
2. Engage in the medical use of marijuana in plain view of or in a place open to the general public;
3. Undertake any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice;
4. Possess medical marijuana or otherwise engage in the use of medical marijuana in or on the grounds of a school or in a school bus;
5. Engage in the use of medical marijuana while:
 - a. In a correctional facility or a community corrections facility;
 - b. Subject to a sentence to incarceration; or
 - c. In a vehicle, aircraft, or motorboat;
6. Operate, navigate, or be in actual physical control of any vehicle, aircraft, or motorboat while under the influence of medical marijuana; or
7. Provide medical marijuana if the patient does not have a debilitating medical condition as diagnosed by the person's physician in the course of a bona fide physician-patient relationship and for which the physician has recommended the use of medical marijuana.

K. A primary care-giver may charge a patient no more than the cost of cultivating or purchasing the medical marijuana, and may also charge for care-giver services. Such care-giver charges shall be appropriate for the care-giver services rendered and reflect market rates for similar care-giver services and not costs associated with procuring the marijuana.

L. A primary care-giver shall have significant responsibility for managing the well-being of a patient with a debilitating condition. The relationship between a primary care-giver and patient is to be a significant relationship that is more than provision of medical marijuana or medical marijuana paraphernalia. Services beyond the provision of medical marijuana that may be provided by the primary care-giver include, but shall not be limited to, transportation or housekeeping or meal preparation or shopping or making arrangements for access to medical care or other services unrelated to medical marijuana. If patients do not require care-giver service other than the provision of medical marijuana, then the patients shall not designate a primary care-giver.

Regulation 10: Waiver for primary care-givers to serve more than five patients

A. In exceptional circumstances, a waiver may be granted by the department for the purpose of allowing a primary care-giver to serve more than five patients. A separate waiver application will be required by each patient seeking to use a primary care-giver who is already at the five patient

limit. If the department does not act upon the waiver application within 35 days, the waiver shall be deemed approved until acted upon by the department.

- B. Waiver applications shall be submitted to the department on the form and in the manner required by the department.
- C. The patient and primary care-giver shall provide the department such information and documentation as the department may require validating the conditions under which the waiver is being sought.
- D. In acting on the waiver application, the department shall consider at a minimum all of the following:
 - 1. The information submitted by the patient applicant;
 - 2. The information submitted by the primary care-giver;
 - 3. The proximity of medical marijuana centers to the patient;
 - 4. Whether granting the waiver would either benefit or adversely affect the health, safety or welfare of the patient; and
 - 5. What services beyond providing medical marijuana the patient applicant needs from the proposed primary care-giver.
- E. The department may specify terms and conditions under which any waiver is granted, and which terms and conditions must be met in order for the waiver to remain in effect.
- F. The term for the waiver shall be one year unless the care-giver reduces the number of patients he or she serves during that year to five or fewer, at which time the waiver shall expire. The care-giver shall notify the department in writing when he or she no longer provides care-giver services to a patient.
