RE: Transplant Delisting

Dear Mr. Smith:

This letter is to inform you that your name has been removed from the national Wait List with the United Network for Organ Sharing (UNOS) for liver transplant as of 2/1/11. You have been removed due to non-compliance of our substance abuse contract.

To re-instate your transplant evaluation you will need to provide documentation of monthly random toxicology screens, which can be done by your primary care physician. Additionally, you will need to provide documentation of six months of weekly substance abuse counseling.

You will need to continue your Hepatocellular Carcinoma screening every three months. Dr Colquhoun will continue to follow you in Hebatobiliary Clinic. Please schedule an appointment with his assistant at 310 423 5216.

Attached is a letter from UNOS. It describes the services and information offered to patients by UNOS and the Organ Procurement and Transplant Network.

If you have any questions, please feel free to contact John Pappas MSW, at (310) 423-6850.

Upon request, we can make available to you a list of contacts for other transplant programs in the area.

Sincerely,

Brenda Durand, RN., CCTC
Liver Transplant Clinical Coordinator
